

# STANLEY *RUBYN*

## ARTIST BIO

Stanley Rubyn is a Nigerian afro-pop singer and songwriter based in Berlin, Germany. His sound blends Afro-fusion and reggae, with deep roots in soul, storytelling, and social consciousness. With a strong stage presence, a powerful voice, and heartfelt lyrics, he invites listeners to pause, reflect, and escape the noise of everyday life.

Transitioning from a professional dancer to an indie artist, Stanley Rubyn has gained vast stage experience. In 2018, he shared the stage with legendary acts such as Inner Circle and The New Power Generation.

Since his first studio session in 2004, he has written, sung, and composed his own songs. His music highlights powerful melodies and authentic life experiences, speaking directly to the soul.

For March 2026, Stanley Rubyn releases his second EP, *Always Win*. Listeners will experience a rollercoaster full of emotions. But leave with a sense of victory after finishing listening to the EP.
